

FOR IMMEDIATE RELEASE:

Comet Delivery Services Expands with Addition of New Facility

Samantha and Dustin Oaks Join Comet Delivery Services Branch in Stuart, FL

Miami, Florida — July 10, 2018 — Comet Delivery Services, one of South Florida’s leading transportation and delivery firms, has appointed Samantha and Dustin Oaks to anchor its new Stuart, Florida facility. Samantha is the Director of Operations and Dustin is the Director of Business Development.

The new facility, which doubles the company’s footprint, provides service to Martin, Indian River, Okeechobee, St. Lucie and Palm Beach counties. The new branch also extends the firm’s legacy as a family-owned and operated business. Samantha Oaks is the daughter of Steven Seltzer, Comet Delivery Services President and CEO.

Samantha’s leadership journey began early in her career when as a salon and spa manager, she doubled membership in a short period of time while increasing sales, productivity and customer satisfaction. Most recently, she was a top salesperson at Web.com, a website design and marketing firm with more than 3 million customers. In that role, she developed strong sales and training solutions and transformed her knowledge of training and marketing into action.

For the last decade, Dustin headed sales and marketing efforts at the Tax Defense Network, a tax law accounting firm where he handled a large marketing budget for the company and its affiliates. In that position, he expanded the firm’s monthly business and generated a significant ROI on marketing expenditures.

“Great things are on the horizon,” said Mark Seltzer, Comet Delivery Services Vice President, and son of Steven Seltzer. “The addition of Samantha and Dustin to our team is the next step in Comet’s expansion. With their respective strengths in leadership, marketing and sales, we are primed for unprecedented growth while enhancing our ability to serve existing and future customers.”

About Comet Delivery Services

Headquartered in Miami, Comet Delivery Services has been providing high-quality transportation and delivery services to the South Florida region and beyond for more than 40 years. The company specializes in customized local and national shipping. Some of the other services Comet offers include same-day, next day and pre-scheduled deliveries; and interstate and intrastate LTL and TL transport.
